In addition to the Municipality's MRI and MNRI, the Municipality is from time to time entrusted with the management of money and investments for a third-party beneficiary, or Third-Party Trust Funds. The Municipality's Third-Party Trust Funds are listed in Schedule B of this IPS.

There are also source(s) of money in which the Municipality may have an indirect interest but which the Municipality currently has no authority to invest. Such source(s) of money, referred to in this IPS as "Designated Funds", are listed in Schedule B of this IPS. The Designated Funds and the Restricted Special Assets, listed in Schedule A of this IPS, are identified in this IPS for the sole purpose of enabling the Municipality to better see, on an aggregated basis, the various financial assets in which the Municipality has an interest.

Investments of MRI will only be made in Legal List Securities in accordance with this IPS and Section 418 of the Act. Investments of MNRI are governed by the Prudent Investor Standard in accordance with Section 418.1 of the Act. This standard is similar to that which governs trustees and pension fund administrators and creates a fiduciary responsibility.

Prudent investment in compliance with the Act and the Regulation enhances the potential for the Municipality to earn improved risk-adjusted rates of return.

The Act provides that the Municipality, and therefore ONE JIB, must consider the following criteria in planning investments of MNRI, in addition to other criteria relevant to the circumstances:

- General economic conditions;
- The possible effect of inflation or deflation;
- The role that each investment plays within the Municipality's total portfolio of investments;
- The expected total return from income and the appreciation of capital; and
- Needs for liquidity, regularity of income and preservation or appreciation of capital.

Money and investments that the Municipality holds as Restricted Special Assets, Third-Party Trust Funds or has an interest in as Designated Funds will be subject to applicable legislation and any related agreements or instruments.

Investments shall be made with the care, skill, diligence, and judgment, taking into account the prevailing circumstances, that persons of prudence, discretion and integrity would exercise in the management of investments, considering the necessity of preserving capital as well as the need for income and appreciation of capital. The Act includes a duty to obtain the advice that a prudent investor would obtain under comparable circumstances.

Officers, employees and investment agents acting in accordance with written procedures and the IPS and exercising due diligence shall take all necessary actions to optimize performance of investments on a portfolio basis, taking into account the prescribed risk and other parameters set out in this IPS and market factors. The Municipality's staff acting in accordance with written procedures and this IPS, shall be relieved of personal responsibility for an investment's performance, provided underperformance relative to expectations is reported to Council and the liquidation or sale of investments is carried out in accordance with this IPS.

- the time horizon within which the monies are needed to meet financial obligations;
- the purpose for which the monies have been collected or set aside and are to be used;

- any combination of the foregoing

The Municipality has defined MNRI as money from the municipality's own reserves, reserve funds, sinking funds and current ONE Investment holdings that will not be required to meet financial obligations that become due within two years from the date of receipt. 5 INVESTMENT

5.1 MRI

The Municipality's MRI is described in this IPS consists of money that is needed to meet the short-term financial obligations of the Municipality and are controlled and managed by the Treasurer.

5.1.1 MRI: Investment Objectives

The main focus of the investment of MRI is cash management, and the interest income generated by the investment of these monies contribute to municipal revenues. To the extent possible, the Municipality shall attempt to match its investments with anticipated obligations.

Capital preservation is the paramount objective for MRI investments, and these investments need to be highly liquid. Consequently, only high-quality investments that are also Legal List Securities will be held in this portfolio. The Municipality may invest in fully liquid money market securities and deposit accounts. The Municipality aims to maximize returns subject to the constraints set out in Part I of the Regulation, as amended from time to time, with a view to preserving capital and to further manage risk through diversification by issuer and credit quality.

The investment objectives for MRI, ranked in priority, are as follows:

a) Security of Principal

The primary objective for MRI is to ensure the security of principal. To minimize the risk of loss, investments shall be subject to minimum credit ratings and shall be diversified by maturity, type of investment and issuer. Investing activities will be reviewed on a regular basis as actual, revised and forecasted operating and capital plans are completed. Maturity dates should be structured so that investment cash inflows occur when needed.

b) Liquidity Requirements

Liquidity is measured by the ease with which securities can be converted to cash to meet forecasted spending. The investments that are eligible under the Regulation possess different features and thus market prices will vary depending on market conditions, as well as the particular features of the type of investment.

To ensure adequate liquidity, the Municipality's investments shall be diversified by holding securities of various terms to maturity and by various types of investments and issuers and to the extent possible, the term of such investments shall match the forecasted requirements for such monies to meet expenditures.

c) Rate of Return

The Municipality's money shall be invested to maximize the rate of return within acceptable risk levels while respecting the security of principal, legal constraints and the liquidity needs of each investment portfolio.

The composition of each portfolio, including its term to maturity and type of investments, shall be adjusted within the guidelines of this IPS to take advantage of market opportunities. Such changes shall be made with the periodic interest rate outlook and target portfolio structure approved by the Treasurer.

From time to time, the Municipality may require money immediately to meet financial obligations and may require ONE JIB to liquidate one or more investments in order to generate money to meet those obligations. ONE JIB will select the investment(s) to be liquidated. The timing of such liquidation will be determined by ONE JIB in consultation with the Treasurer.

5.2.1 MNRI: Investment Objectives

In setting the objectives noted below, the Municipality has taken into account the following considerations:

- Preservation of capital;
- Adequate liquidity that takes into account the needs of financial obligations and reasonably anticipated budgetary requirements;
- Diversification by asset class, market, sector, issuer, credit quality and term to maturity;
- Income and capital appreciation; and,
- Macro risks, such as inflation, economic growth and interest rates.

Investment of MNRI is managed by ONE JIB in a way that balances investment objectives, expected returns, and risk to develop asset allocations that achieve the Municipality's financial objectives within stated risk tolerances.

The overall MNRI portfolio investment horizon shall be in line with the nature of the Municipality's forecasts and underlying liabilities. The portfolio should balance risk and the benefits of higher expected returns over a longer investment horizon.

Investment of MNRI is to be managed by ONE JIB in a way that balances the investment objectives with a level of risk that is appropriate for the municipality. The MNRI invested with ONE JIB will be broadly diversified to help reduce the volatility of investment returns. Returns have an impact on revenues, as well as a longer-term impact on future years' budgets and should, at a minimum, keep pace with inflation. To the extent possible, the MNRI's investment horizons are aligned with the Municipality's obligations and cash flow requirements and may consist of liquid and non-liquid securities based on future cash flow requirements.

5.2.2 MNRI: Eligible Investments

Eligible investments for MNRI include any Pooled Fund or other collective investment vehicle or institutional investment management product approved or selected by ONE Investment for the Prudent Investment Program (OCIO Offering), provided always that the products and the selection of products comply in all material respects with the IPS.

The Municipality supports ESG investing for MRI and MNRI. The Municipality believes that well-managed companies are those that demonstrate high ethical and environmental standards and respect for their employees, human rights, and the communities in which they do business, and that these actions contribute to long term financial performance.

For the investment of MRI, the Municipality has chosen to monitor the developments of ESG factors and will reconsider its approach to ESG investing for the MRI Investment Portfolio as and when appropriate to do so.

For the investment of MNRI, ONE JIB is required to explore and consider how the OCIO is implementing responsible investing principles at the time of hiring and during periodic reviews. It may report on results periodically, if requested.

5.6.2 Securities Lending

For the investment of MRI, Securities Lending is not permitted.

5.6.6 Currency Hedging

The MRI Investment Portfolio will not utilize currency hedging.

The Municipality's funding requirements are in Canadian dollars. However, some exposure to foreign currencies in the MNRI Investment Portfolio may be advantageous to provide diversification and potentially enhance returns. Therefore, it shall not be a violation of this IPS for investments in global mandates to be unhedged, in whole or in part, where the diversification benefits embedded in the currency exposure are considered to be beneficial or desirable by ONE JIB.

5.6.7 Alternative Asset Classes

The applicable legislation does not prevent the direct / indirect placement of the MNRI in Alternative Assets Classes; this IPS permits investments in alternative investments for the purpose of management of MNRI under ONE JIB.

Alternative Asset Classes, such as infrastructure or real estate, may have uncorrelated return characteristics with traditional Asset Classes that may improve diversification within the portfolio, which may lead to better risk adjusted returns. Typically, these investments may not be fully liquid, and are only appropriate for inclusion in portfolios with long investment horizons.

5.6.8 Prohibited Investments

Investments in no event may be made in foreign direct investment in countries subject to Canadian or UN economic sanctions.

5.7 Performance Monitoring, Rebalancing and Management

5.7.1 MRI

The performance benchmarks may vary from time to time, as decided by the Treasurer, subject to the investment constraints listed in the IPS.

MRI investments are expected to achieve returns that meet or exceed their respective benchmarks over a rolling twenty-four-month period. Monitoring will include a review of portfolio performance, compliance with the MRI definition, and liquidity alignment with updated municipal cash flow forecasts on at least an annual basis as described in section 6.7. If material changes to the municipality's financial obligations are identified, the Treasurer may direct the reallocation of MRI assets to maintain appropriate liquidity and risk exposure. All monitoring and rebalancing actions will be documented and reported in accordance with the Municipality's Investment Policy.

5.7.2 MNRI

For the investment of MNRI, ONE JIB shall establish parameters for monitoring investments and rebalancing through policy or directly within the Investment Plan.

Investments are expected to achieve returns at least equal to their benchmarks measured over a rolling five-year period. At minimum, ONE JIB shall provide reporting described in Section 6.7 below that shows the Municipality's holdings, confirms compliance with this IPS, and reports on the Sub-Investment Manager's performance.

6 ADMINISTRATIVE POLICIES

6.1 Flow of Money and Annual Municipal Budget

6.1.1 Transfer to ONE JIB as Part of Annual Review Process

On an annual basis, as part of the Municipality's Annual Review process, the Municipality shall identify the amount, if any, of MNRI that it holds. Any MNRI not already under the control and management of ONE JIB shall be transferred to ONE JIB as soon as practicable.

6.1.2 Transfer to Municipality as Part of Annual Review Process

On an annual basis, ONE JIB shall be notified by the Treasurer as to the amount, if any, required by the Municipality from the MNRI then under the control and management of ONE JIB for the Municipality's operational purposes. Such amount shall be deemed to be MRI and shall be returned to the Municipality in a lump sum or by way of periodic payments, as directed by the Treasurer.

6.2 Flow of Money Otherwise than through the Budget Process

6.2.1 Surplus Funds

The MRI captures revenues received by the Municipality during each year after the approval of the Municipality's budget for the year. Any amounts deemed to be MNRI by the Treasurer at any such time during the year shall be transferred to ONE JIB to be under its management and control as MNRI. Amounts so transferred will be recorded annually in the Investment Plan and allocated by ONE JIB in accordance with the Investment Plan.

6.2.2 Contingencies

The Treasurer is authorized to direct ONE JIB to return any amounts determined by the Treasurer to be required to meet expenditures for unexpected contingencies not anticipated by the Municipality's budget in force for that year, provided however that the aggregate of the amounts to be returned to the Municipality under this Section 6.2.2 during the year shall not exceed 25% of the MNRI under the control and management of ONE JIB as at the date that the Municipality approved its budget for the year (the Budgeted MNRI). In determining the Budgeted MNRI for purposes of calculating the 25% limit, any MNRI to be transferred to the control and management of ONE JIB in accordance with that year's Annual Review pursuant to Section 6.1.1 above shall be included and any amount to be returned by ONE JIB to the Municipality pursuant to Section 6.1.2 shall be excluded. ONE Investment should be made aware of material transactions in advance to ensure the orderly sale of securities to fund withdrawals.

6.3 Valuation of Investments

Investments shall be valued according to the values provided by the Custodian(s). For the investment of MNRI, values of unitized vehicles shall be valued according to the unit values published by the Custodian. Other investments shall be valued at their market value when that is available from regular public trading. If a market valuation of an investment is not available, then a fair value shall be supplied by the Sub-Investment Manager to ONE Investment no less frequently than quarterly.

6.4 Voting Rights

The Sub-Investment Manager shall assume the responsibility of exercising voting rights in respect of the Municipality's MNRI and will report its voting policies to ONE JIB annually. The Municipality may access these policies at any time.

6.5 Internal Controls

The Treasurer shall establish an annual process of review of all investments made under this IPS. This review will provide internal control by assuring compliance with governing legislation and with policies and procedures established by the Treasurer. To the extent ONE JIB's input is needed, these requirements will be communicated in advance to ONE JIB.

6.6 Custodians

All municipal investments and assets of the investment portfolios may be held by a Custodian and any of the Custodian's sub-custodians or nominees. For MNRI, the Custodian shall be acceptable to ONE Investment. For MRI the Custodian shall be acceptable to ONE Investment, if ONE Investment is administering the investment of the Municipality's MRI; otherwise the Custodian shall be acceptable to the Municipality.

6.7 Reporting

6.7.1 MRI

For the investment of MRI, the Treasurer shall report at least annually to Council, the report to be in a form and contain such content as Council may request. The report to Council shall include investment performance during the period covered and any other information required under the Regulation and that the Treasurer may consider to be pertinent.

6.7.2 MNRI

The Regulation provides that ONE JIB shall submit an investment report to Council in respect of the investment of MNRI at least annually. This report shall include the following.

- Investment performance during the period covered by the report;
- Asset mix of the total portfolio;
- A listing of individual investments held at the fund level at the end of the reporting period showing, where appropriate, book value, market value, realized/unrealized gains/losses and actual income received;

- A statement by the Treasurer as to whether all investments were made in accordance with the IPS and as to whether all investments were made in accordance with the Investment Plan; and
- Any other pertinent information in the opinion of the Treasurer.

All MNRI or MRI invested on behalf of the Municipality by ONE JIB or with the assistance of ONE Investment shall be held for safekeeping in the name of the Municipality by a Custodian.

7.1 Revocation / Amendment of Previous Investment Policy

This IPS amends, and restates as so amended, the existing Investment Policy Statement approved by Council on June 24, 2024.

7.2 Modifications to the IPS

At least annually, Council shall review the IPS and update it, if required. In the course of reviewing the IPS, Council may request comments from the Treasurer with respect to the investment of MRI and from ONE JIB with respect to the investment of MNRI.

Following the Council's review of the IPS, ONE JIB shall review the Investment Plan and update it, if required.
