CONSULTATION:

PUBLIC CONSULTATION:

Public notice was provided through neighbourhood letter circulation, signs posted at the property and notice on the City's website. As of November 21, the following feedback was received:

- Thirty-four (34) residents provided feedback related to the Lands, of which;
- Twenty-nine (29) residents expressed concern that additional traffic from the proposed conceptual development and other planned development in the area would lead to higher levels of traffic congestion, particularly around the intersection of Fanshaw and Golf Links Road resulting in dangerous conditions and more accidents.
- Sixteen (16) residents expressed concern about the impact that the proposed conceptual development could have on flooding and sewer backups in the area and

the capacity of existing sewer and water infrastructure to support the increased demands of the proposed conceptual development.

- Sixteen (16) residents expressed concerns about the loss of trees, greenspace, and wildlife displacement that would result from the proposed conceptual development and other negative environmental impacts.
- Twelve (12) residents conveyed they would suffer a loss of privacy and/or an increase in noise pollution as a result of the proposed conceptual development.
- Five (5) residents expressed concern their property values would be negatively impacted.
- Two (2) residents expressed concerns the proposed conceptual development would lead to a decrease in neighbourhood safety.

INTERNAL AND AGENCY CONSULTATION:

A circulation was undertaken to the various servicing departments and agencies regarding the surplus of this property, and no objections were received.
